Labyrinth: The Oriental, NC community labyrinth is located directly across the street from Lou Mac Park. This space, which is open to everyone, is a gift to the Community from the Oriental United Methodist Church. Our labyrinth's design is patterned after the 13th century labyrinth in the Chartres Cathedral in France. The labyrinth's power derives from the fact that it can be a map of the healing journey. Walking a labyrinth may provide answers to life's questions or even spiritual transformation, or it can be used simply for relaxation and contemplation.
