wlindsey@tcsnc.org

Wes Plemmons – Smoky Mtn. HS
c/828-231-2495
rplemmons@jcpsmail.org

3rd Assistant Coach - TBD

Applications are now being accepted from prospective new State Games coaches for 2026. If you are interested in coaching in the State Games, please complete the application online by visiting the high school baseball page of our website (https://ncsports.org/event/sg_baseballhs/). The deadline to submit coaching applications is **December 5**. See above for a list of the returning coaches for 2026 and a map of the regions. Please note that the eight State Games regions are not the same as the NCHSAA regions. Each State Games team will have a head coach and three assistants, so most teams will need to add at least one additional coach in 2026. Selection of coaches will be based on: high school coaching experience, geographic location within the region, number of years coaching in the region and previous interest in being a State Games coach. Coaches rotate up each year until they are the head coach of their region. During the past 38 years the State Games have involved more than 1,000 high school coaches from around the state. Rotating our coaches each year allows us to involve more coaches, conferences, geographic areas, and provides more equality in team selection. We hope you will consider applying to be a State Games coach!
